## SUMMARY

---

Motivated B.Tech CSE final-year student seeking an entry-level role or internship to apply skills in HTML5, CSS3, Bootstrap 5, JavaScript, SQL, basic Python, and Java, while learning and contributing to real-world software development projects. [click here](#).

## WORK EXPERIENCE

---

### Intern

Jan 2026 - March

Worked on frontend development using HTML5, CSS3, Bootstrap 5, and JavaScript. Used SQL for basic database queries and data management. Gained hands-on experience in basic Python and Java programming. Assisted in debugging, testing, and implementing web application fe

## PROJECTS

---

### AI Driven HEALTH Assistant Chatbot

Technologies: NLP, Deep Learning, Machine Learning, CDS Developed an intelligent chatbot using Natural Language Processing and Deep Learning models to provide health-related assistance. This Clinical Decision Support System (CDSS) can understand user queries, provide information, and suggest preliminary health measures, showcasing strong capabilities in applied AI

### Comparative Study of ML Algorithms for Fraud Detection in Blockchain

Technologies: Machine Learning, Python, Blockchain Conducted a comprehensive analysis of various machine learning algorithms to identify fraudulent transactions within a blockchain network. This research project involved implementing and evaluating models for accuracy and efficiency, demonstrating a deep understanding of both ML and distributed ledger technology.

## EDUCATION

---

2022-2026	Btech at Visvesvaraya College pf Engineering and Technology	(7.91)
2020-2022	Intermediate	(966)
2019-2020	SSC	(10.0)

## CERTIFICATIONS

---

2025	<b>AI/ML Engineer Certification — Organization Name</b>
	Machine Learning, Deep Learning, Natural Language Processing, Model Training, and AI Applications.

## SKILLS

---

Technical Skills	HTML5;CSS3, Bootstrap5, MYSQL 5.0.8, JavaScript, Basic python
Soft Skills	Work Ethic , Self-Motivated , communication,Teamwork, Adaptability, Quick Learning
